## Product Migration Options

The Cisco IOS H.323 Gatekeeper on ISR-G2 routers is now part of the core Cisco Unified Communications Technology Package (UCTP). Purchasing individual licenses for Cisco Gatekeeper is no longer required.

This change is effective with IOS 15.3.3M (PI22) release of July 2013.

The migration product identification numbers for the UC Technology Package are - L-SL-29-UC-K9=, SL-29-UC-K9, SL-29-UC-K9=, L-SL-39-UC-K9=, SL-39-UC-K9, SL-39-UC-K9=.

Any Cisco ISR-G2 2900 or 3900 Series router voice bundle already contains one of the products above and is thus entitled to run and use the Gatekeeper functionality.

Customers may be able to use the Cisco Technology Migration Program (TMP) where applicable to trade-in eligible products and receive credit toward the purchase of new Cisco equipment. For more information about Cisco TMP, customers should work with their Cisco Partner or Cisco account team. Cisco Partners can find additional TMP information on Partner Central at

[http://www.cisco.com/web/partners/incentives\\_and\\_promotions/tmp.html](http://www.cisco.com/web/partners/incentives_and_promotions/tmp.html).

---

Customers may be able to continue to purchase the Cisco IOS H.323 Gatekeeper Licenses on ISR-G2 Routers through the Cisco Certified Refurbished Equipment program. Refurbished units may be available in limited supply for sale in certain countries on a first-come, first-served basis until the Last Date of Support has been reached. For information about the Cisco Certified Refurbished Equipment program, go to: <http://www.cisco.com/go/eos>.

Service prices for Cisco products are subject to change after the product End-of-Sale date.

The Cisco Takeback and Recycle program helps businesses dispose properly of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to:
